

## Flawed | Week One - *Jacob*

### OPEN

Have a group member read Genesis 32:22-30. Next have someone recap or review the heart of the talk, in their own words, in under three minutes.

**Jacob's Flaw:** Used deception or partial truth to get what he wanted most.

### DISCUSS - FIVE QUESTIONS

1. God doesn't use perfect people, He uses 'yes' postured people. Where do you say yes to Jesus using your life? Share.
2. Share a personal "and yet" God story in your life. Ex) I struggled to forgive, and yet God lead me each step of the way.
3. Jacob uses deception, a short cut to get what he wants. Where are you prone to taking shortcuts? How could you grow by developing greater patience?
4. Jacob wrestles with God. What topics or issues cause you to wrestle with God? Where can wrestling change to disobedience or something else in our lives? Who or how do you spot the difference between struggling and being stubborn in following Jesus?
5. How do you allow Jesus to heal your flaws? What does His healing presence look like in your life?

### GROWTH STEP

Stop wrestling with God. Let Him work.

### MAKING A DIFFERENCE MOMENT

Be gracious with others. Remember they see and carry your flaws as well.

### RELATIONSHIP OR FAMILY DISCIPLESHIP MOMENT

Is there an area you are feeling pressure or a lack of grace? Be honest with your flaws. Instead of pressure to change, ask for prayer to change.

### CLOSE

Close in prayer.
